STATEMENT OF ADDITIONAL  
GROUNDS FOR REVIEW

I, Demetrios Craver, have received and reviewed the opening brief prepared by my attorney. Summarized below are the additional grounds for review that are not addressed in that brief. I understand the Court will review this Statement of Additional Grounds for Review when my appeal is considered on the merits.

Additional Ground 1

my convictions for this cause number were unjust with all of the assaults in the sense it was self-defense. Also K9 officer Redding said under oath that he released the K9 onto me because he feared I was going to break the glass panel on the door and gain access inside to get the gun, but the door he is talking about was not the same door when the incident took place, the door he was referring to was installed in 2021, nearly 2 years after the incident happened. They also admitted to me never hitting them. The K9 officer Redding said to the court while he was on the stand that the reason he released the K9 onto me was because he feared I was going to break

Additional Ground 2

Also the wife of the cop that died with my case was tampering with the jury and was noted on record and a juror had to be replaced. Also a juror came forward and told the court she attended the same church as the parents of the cop that died and said they held a memorial service which means she knew about the case before my trial. This is all on record.

If there are additional grounds, a brief summary is attached to this statement.

the glass panel on the door and gain access inside to retrieve the shotgun. But that glass panel on the door didn't even exist at the time of the incident and was installed nearly 2 years after the incident.
